

OCT

31 October 1967

Mr. James Anderson, Chairman  
Department of Geography  
University of Florida  
Gainesville, Florida 32601

Dear Mr. Anderson:

25X1A9a

The following assessment of [REDACTED] is submitted in connection with his application for admission to the Graduate School of the University of Florida.

25X1A9a [REDACTED] has worked for this agency approximately one year. His primary duties concern the cataloging of maps. During this period he has performed in an exceptionally proficient manner. He is well motivated, sincere, ambitious, and dependable. He has a good sense of humor, has demonstrated initiative, ability to work independently, and his production of work is above average in quality and quantity. In intellectual ability, he ranks somewhat above average in comparison with others observed performing similar duties.

This employee has no outstanding weaknesses. He has an urgent desire to move forward in his geographic training, and is apparently faced with the problem that some of his marks of earlier college years have lowered his general average. He reports that his marks of his senior year constituted a "B" average.

On the basis of his performance for this agency, his ability to learn new procedures, his attention to his responsibilities, and his basic, sincere attitude, it is believed that he can shape a successful career here. The obtaining of an M.A. in geography would considerably enhance his possibilities.

25X1A9a On the basis of the foregoing, this agency is willing to grant [REDACTED] a leave of absence which will permit him to continue his education.

Sincerely,

James A. Brammell  
Director
